

# FROM SENSATION TO FUNCTION: A SENSORIMOTOR-AFFECTIVE TREATMENT PERSPECTIVE

with

**Sheila Frick, OTR/L**

Windsor NSW

January 31 – February 1, 2020

**DON'T MISS OUT!!**

**This is the international debut of this course!**

Join Sheila Frick for this practical 2-day, activity oriented workshop that provides a theoretical overview of sensorimotor integration and its impact on postural organization and the underpinnings of visual and auditory attention. Additionally, participants explore each of the sensory systems and their effect on arousal, affect regulation, and organization of functional movement patterns that support attention and learning.

An experiential learning lab will introduce a specific clinical observation tool that will more precisely guide treatment planning. Participants will leave with an understanding of treatment principles and practical activity suggestions that can be tailored to each individual and are appropriate for a variety of environments.

Come dressed to move, explore and learn!

## **COURSE OBJECTIVES:**

Upon completion of this course, participants will be able to:

1. Administer the Clinical Observations and Quality of Movement Assessment
2. Implement 3 strategies that address vestibular-postural-ocular organization
3. Select 3 sound tools that support regulation, movement organization, and attention
4. Identify the 5 characteristics of a well-regulated state

## **COURSE SCHEDULE:**

### **Day One**

8:30 – 9:00	Registration
9:00	Course begins
4:30	Course ends

### **Day Two**

9:00	Course begins
4:30	Course ends

There will be a one-hour lunch break each day. Lunch is on your own. There will also be two 15-20 minute breaks each day.

Please dress comfortably as the labs are experiential.

Please arrive in enough time to register before the course begins so as not to delay or disrupt the start of the course.

**Please complete the registration form below.**  
**\$625 if received in my inbox by close of business**  
**on November 11, 2019**  
**\$700 if received in my inbox by close of business**  
**between November 11 and December 11, 2019**  
**\$775 if received after December 11, 2019**  
**(your registration fee includes a 3-pack power ball**  
**selection needed for labs)**
